# CAMP OLD STATE HOUSE

Join us for the 2024 Summer Camp program at the Old State House Museum!

We'll immerse ourselves in the "Forty Years in the Woods: The Botanical Drawings of Kent Bonar" exhibit, exploring native Arkansas plants and their medicinal uses. Discover the work of early Arkansas naturalists and the state's diverse ecosystems. You'll learn how to press flowers, mount plant specimens, and keep a nature journal. We'll also identify trees, enjoy guest speakers, play games, and participate in interactive activities. Don't miss this unique opportunity to connect with nature and history!
